

- Safe4Kidz Getting Started Instructions -

- After installing Safe4Kidz on your computer, restart your computer.
- Once the computer has restarted, select the Safe4Kidz icon.
- When the Welcome screen appears select “I am a new user, I want to register for an account”.
- Complete the registration information - When you enter your serial key please include dashes. The key is not case sensitive.
- Upon completion of the registration process Safe4Kidz automatically begins to protect your child’s PC. You don’t need to do anything more. When you click on “Finish” after registration the Safe4Kidz status screen will appear. If you would like to verify that your PC is protected select “Show status” in the lower right corner of the screen. The screen will list recent activities on the PC and the statement “date, time, Safe4Kidz started and is protecting”.
- If you would like to review usage logs, modify settings, limit hours, add blocked or approved sites please follow the instructions in the Users Guide. Or go to www.Safe4Kidz.com and login to your account to make changes.
- We recommend you review the User Guide before you proceed.
 - To locate the user guide click on the Windows Start Menu icon in the bottom left of your computer screen to see “all programs” on your PC.
 - Go to the SoProtectMe program folder and click it
 - Click on the Safe4Kidz folder that appears
 - Click on Safe4Kidz User Guide
